# OUR DEALERS ARE TALKING...

*"Little Guys [...] carry a warranty and have fantastic customer service relationships with their customers, and the dealers that sell and support them. But probably the best part, is the price. All units are priced within your budget and you probably will not have to buy a separate tow vehicle. These trailers have a refined exterior, can be ordered with different tasteful color combinations and numerous high end options for you to choose from. At Buddy Gregg RV's and Motor Homes we represent several manufacturers and over 50 different models, and Little Guy Trailers are our best sellers."*
