## Xtreme Outdoors Update

Dear Valued Dealers,

Hope you all had a nice holiday season and are looking forward to 2021! We are very excited about this coming year as Xtreme Outdoors has new products in the pipeline as well as new dealer support initiatives.

We wanted to inform you all of a few updates as we move into this new year.

The awnings on the Max are still unavailable until further notice. We are hopeful that we will have more in stock in February. As you know, the awnings can be installed aftermarket when they become available. All of the units will be prewired for aftermarket installation. Our technical support team will be happy to offer your service department whatever assistance they need to install the awnings. The direct number to our support is (814)701-4884 and the email address is [support@goxtoutdoors.com](mailto:support@goxtoutdoors.com). If you currently have awnings on order, you will not be invoiced for them if they are not on your units. Once they become available, you can order them through our parts department at [parts@goxtoutdoors.com](mailto:parts@goxtoutdoors.com)

In February, we will be switching to the Lagon table in the Max and Mini Max. This change was based on feedback from our dealers as well as retail customers.

As we enter into show season, please let us know the details of your shows so we can post them on our social media platforms. This show season will be much different than in past years. Many shows have been canceled due to the pandemic and travel restrictions. The good news is that customer demand is still very strong and we anticipate that this will continue well into this year.

We have updated our PDI information. Please pass this information on to the necessary individual who performs this procedure.

In conclusion, we want to thank you for your continued support. We value our partnership and look forward to a very prosperous 2021.

Sincerely,

**Joe Kicos**
